Specifications

| | |
|-------------------------|--|
| Width: | 48" (122cm) available in all colours |
| Gauge: | ¼" (6.0mm) |
| Length: | 95 lineal feet (29.0 lineal meters) approximate |
| Backing: | Burlap |
| Flexibility: | Resiliency against cracking or breaking when wrapped around a 2 ¾" (70mm) diameter cylinder. |
| Fire Resistance: | ASTM E-84 (Fuel Contribution) - Class B NFPA 253 (Critical Radiant Flux), Class II |

Areas of Applications: For interior application only. Suitable for application on any flat surface requiring a decorative or functional tackable surface. Suggested usage: boardrooms, classrooms, conference centres, hospitals, moveable panels etc.

Maintenance & Cleaning: Can be wiped with any pH neutral (pH 7 – 8.5) cleanser, provided proper rinsing with water after cleaning.

Installation Stability: Due to the jute or burlap backing the stability of Tac Tics is consistent regardless of vertical, horizontal or diagonal installation when correctly installed.

Luminosity: Due to the matte finish and colours available, Tac Tics provides little to no light reflection thus reducing and or eliminating unwanted glare.

Bacteria Protection: Resists the growth of bacteria with bactericide effect. Tests have shown Tac Tics to withstand inhibiting contaminants like staphylococcus aureas.

Self-Healing Properties: Tac Tics unique linoleum/cork composite has the capability to self-heal from pin and tack holes. Tac Tics will not dry out, crack, crumble or peel under proper usage and correct care.

5 Year Limited Warranty: Metro warrants Tac Tics will perform to specifications as published and will be free of manufacturing defects under normal usage for a period of 5 years from the date of installation. Warranty not valid if product is installed incorrectly in accordance to the instructions provided by the manufacturer. This warranty is non transferable and applies to the original purchaser or end user of the product. For more information please call our Customer Service Deptment at 1.800.440.0911
